This presentation and the accompanying slides (the “Presentation”), which have been prepared by **GRP Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Performance Highlights

Performance Highlights for Q1FY21*

(in Rs. Mn)

Revenue / Profitability

- Q1FY21 has been severely impacted as business was not operational for most part of the quarter due to the COVID-19 induced lockdown
- Business operations started gaining normalcy from May end at lower capacity utilization and ramped up gradually with limited staff ensuring strict social distancing norms
- Company has also undertaken sincere efforts to optimize operating expenses to reduce the impact on its profitability in Q1FY21

*Data on Consolidated Basis

Segment Wise Quarterly Performance Trend*

*Data On Standalone Basis

Segmental Financial Highlights*

Particulars (in Rs. Mn)*	Reclaim Rubber		Non-Reclaim Rubber	
	Q1FY20	Q1FY21	Q1FY20	Q1FY21
Revenue	842.2	300.5	54.8	16.0
Raw Material	433.1	144.4	23.3	6.3
Other Expenses	366.8	175.7	23.9	12.9
EBIDTA	42.3	(19.6)	7.6	(3.2)
EBIDTA Margin	5.0%	-	14.0%	-

- ✓ GRP's non-Reclaim rubber businesses are allied along the value chain and help the company diversify its offerings to various end customer segments reducing our overall dependence on the tyre sector
- ✓ Q1FY21 was severely impacted due to the COVID-19 induced lockdown. As things have started easing off, our focus is back on increasing business share from non-reclaim rubber businesses
- ✓ Most of the ground work and research has already been done and our products have started gaining acceptance from customers. Thus we expect to gain traction in non-reclaim rubber businesses in FY21

*Data on Standalone Basis.

Certified “Great Place to Work”

GRP is certified as a “Great Place to Work”

“It is humbling and extremely heartening to learn of the confidence that fellow colleagues have expressed in GRP's culture and work practices for us to qualify for this prestige”

-Mr. Harsh Gandhi
Joint Managing Director

COVID-19 Impact & Outlook

Impact of Lockdown

Current Status & Outlook

Manufacturing Operations

Production was temporarily suspended at all our facilities as per Central and State Government directives of Lockdown to contain the spread of the virus

Presently, all our manufacturing facilities have commenced operations ensuring strict social distancing measures. Facilities are ramping up rapidly and expected to reach Pre-COVID levels very soon

Financial Impact

Due to the lockdown, revenues & profitability was severely impacted on account of disruption in business operations while expenses fixed in nature continued to impact profitability

Company has taken various initiatives to manage its costs across the organization and to conserve cash. We foresee no major risk given its high quality of customers. Profitability to be back to normal as business returns to normalcy

Demand Impact

Lockdown led to customers business operations to be shut down as well severely impacting the demand for GRP's products

Domestic and overseas demand both have picked up now and improving rapidly much faster than expected. We expect demand to reach Pre-COVID levels very soon

With GRP's quick adaptability to new way of working, diversified product portfolio, strong partnerships with customers & suppliers and with rich experience in the industry, company is well placed to tackle the challenges and come out much stronger than ever in times to come

COVID-19 Impact – Initiatives taken at GRP

PRE-LOCKDOWN

AWARENESS ABOUT COVID-19; DO'S AND DON'T PRECAUTIONS TO BE TAKEN

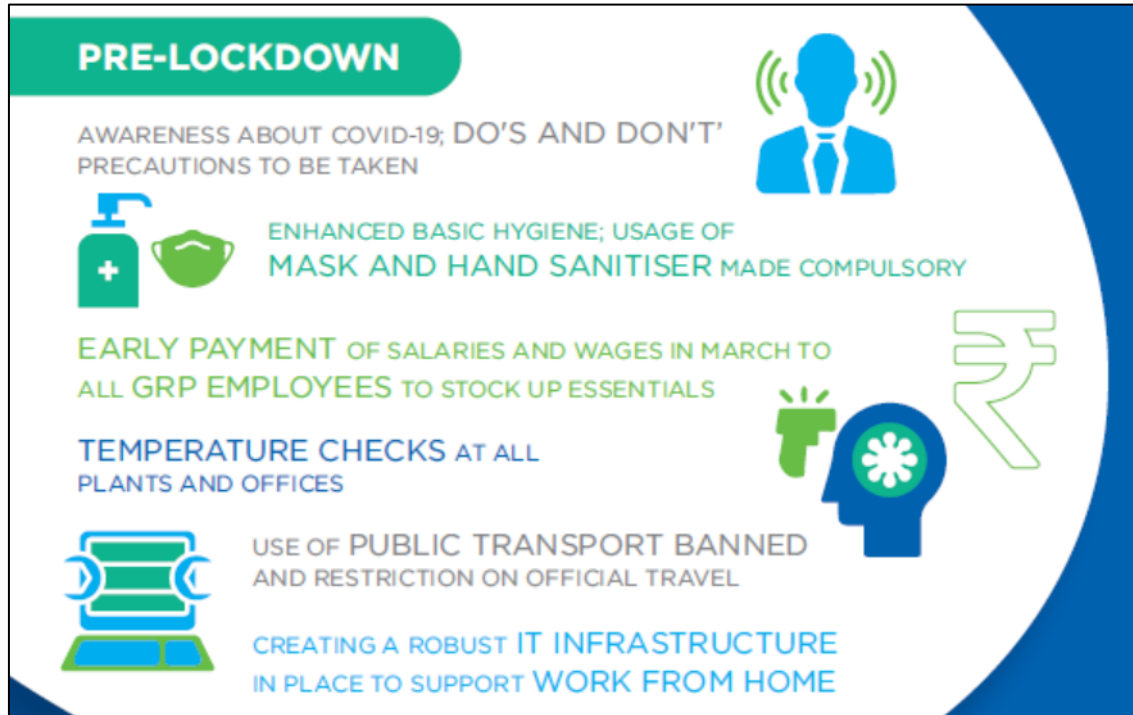

ENHANCED BASIC HYGIENE; USAGE OF MASK AND HAND SANITISER MADE COMPULSORY

EARLY PAYMENT OF SALARIES AND WAGES IN MARCH TO ALL GRP EMPLOYEES TO STOCK UP ESSENTIALS

TEMPERATURE CHECKS AT ALL PLANTS AND OFFICES

USE OF PUBLIC TRANSPORT BANNED AND RESTRICTION ON OFFICIAL TRAVEL

CREATING A ROBUST IT INFRASTRUCTURE IN PLACE TO SUPPORT WORK FROM HOME

An infographic titled 'PRE-LOCKDOWN' with a green header. It lists six initiatives: 1. Awareness about COVID-19 and precautions, accompanied by an icon of a person with sound waves. 2. Enhanced basic hygiene, mask usage, and hand sanitiser, with icons of a hand sanitizer bottle and a mask. 3. Early payment of salaries and wages in March to stock up essentials, with a rupee symbol icon. 4. Temperature checks at all plants and offices, with an icon of a person's head and a thermometer. 5. Banning public transport and restricting official travel, with an icon of a train. 6. Creating a robust IT infrastructure for work from home, with an icon of a computer monitor and keyboard.

DURING LOCKDOWN

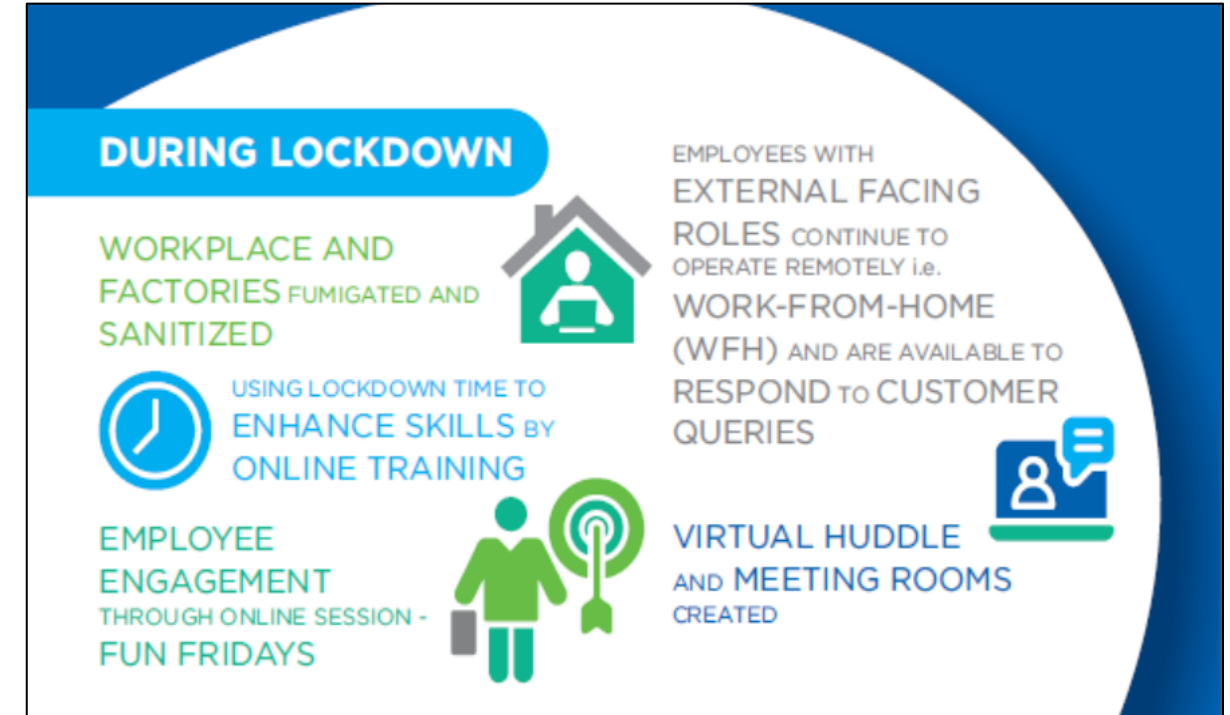

WORKPLACE AND FACTORIES FUMIGATED AND SANITIZED

EMPLOYEE ENGAGEMENT THROUGH ONLINE SESSION - FUN FRIDAYS

USING LOCKDOWN TIME TO ENHANCE SKILLS BY ONLINE TRAINING

EMPLOYEES WITH EXTERNAL FACING ROLES CONTINUE TO OPERATE REMOTELY i.e. WORK-FROM-HOME (WFH) AND ARE AVAILABLE TO RESPOND TO CUSTOMER QUERIES

VIRTUAL HUDDLE AND MEETING ROOMS CREATED

An infographic titled 'DURING LOCKDOWN' with a blue header. It lists five initiatives: 1. Workplace and factories fumigated and sanitized, with a house icon containing a person. 2. Employee engagement through online sessions and fun Fridays, with an icon of a person with a speech bubble. 3. Using lockdown time to enhance skills by online training, with a clock icon. 4. Employees with external facing roles continuing to operate remotely (WFH) and responding to customer queries, with a person icon at a computer. 5. Virtual huddle and meeting rooms created, with an icon of a person and a speech bubble.

At GRP, our focus in the days around the lockdown centred around:-

- ✓ **Employee safety & well being**
- ✓ **Getting effective at work from home to continue serving our partners**
- ✓ **Ensuring our short term financial liquidity & long term survival**

Safety is the priority at GRP

Health & well-being of the employees is GRP's priority

We have taken utmost precautions before resuming the operations at all our manufacturing facilities

Consolidated Profit & Loss Statement

Profit & Loss (Rs. Mn)	Q1 FY21*	Q1 FY20	Q4 FY20	FY20
Revenue from operations	316.5	898.3	794.4	3,487.0
Cost of Goods Sold	150.3	453.5	365.7	1703.2
Gross Profit	166.2	444.8	428.7	1783.8
Gross Profit Margin	52.5%	49.5%	54.0%	51.2%
Employee Cost	89.9	149.5	158.7	607.8
Other Expenses	100.6	244.2	225.1	986.7
EBIDTA	-24.3	51.1	45.0	189.4
EBITDA Margin	-7.7%	5.7%	5.7%	5.4%
Other Income	1.4	0.9	3.0	6.4
Depreciation	29.8	33.3	33.9	136.4
Finance Cost	21.3	11.5	37.3	81.8
Profit Before Share of Profit/ (Loss) of JV's	-74.0	7.3	-23.2	-22.5
Share of Profit/(Loss) of JV's	0.0	0.0	0.0	0.0
PBT	-74.0	7.3	-23.2	-22.5
Tax	-18.2	-34.1	-9.5	-52.2
PAT	-55.8	41.4	-13.7	29.7
PAT Margin	-17.6%	4.6%	-1.7%	0.9%

*Since the lockdown was in force for a significant part of Q1, the results for Q1FY21 were adversely affected by the COVID-19 pandemic and may not be strictly comparable with those of other quarters

Consolidated Balance Sheet

Introduction

Tyre Graveyards are increasing across the Globe

7.6 Billion people
in the world

1.4 Billion
vehicles on the road

1.7 billion new
tyres produced a year

Over 1 billion waste
tyres generated per year

Creating huge

**TYRE
GRAVEYARDS...**

... HUGE OPPORTUNITY

...presenting a HUGE OPPORTUNITY

Huge tyre graveyards that can be seen from Space

GRP uses end-of-life tyres to recycle and manufacture

Reclaimed rubber, Engineering plastics, Die-cut products & Polymer Composite Products

GRP INDUSTRIAL POLYMERS

GRP CUSTOM DIE FORMS

GRP RECLAIM RUBBER

MARANGONI GRP

GRP POLYMER COMPOSITE

Recover, Recycle, Reuse² is GRP's raison d'être as well as mantra for creating a clean planet

- GRP is one of the leading producers of reclaim rubber
- It recycles end- of-life tyres, automotive inner tubes, automobile profiles and moulded rubber products to produce consistent quality reclaim rubber
- **The rubber produced emits 95% Lower greenhouse gas v/s virgin polymers**

...to Reduce, Reuse & Recycle

REDUCE

TYRE RETREADING

- Process to extend the life of Commercial Vehicle tyres beyond single use
- Environmental friendly process ensuring saving in valuable resources

POLYMER COMPOSITES

- Manufactured from 100% recycled rubber and plastics
- Product is environmental friendly, strong and durable as a substitute to wood & concrete

REUSE

CUSTOM DIE FORMS

- Custom die forms engineered from end of life truck and bus bias tyres used in application where low cost solutions are a necessity like door mats, impact resistance products and Agricultural equipment's

RECYCLE

RECLAIM RUBBER

- Produced from end of life tyres, automotive inner tubes, automobile profiles and moulded rubber products to produce consistent quality reclaim rubber

INDUSTRIAL POLYMERS

- Recovery and Reuse of polyamide from end-of-life tyres, a key competitive advantage is the continuous availability of in-house raw materials

Our Business

Believing in possibility of better tomorrow...

8 Manufacturing Units with **76,100 tons/year capacity**

18% share in Indian Market & **50% of India's Export** in reclaimed rubber

Supplies to **7 out of top 10** global tyre companies

Export presence in **60+ Countries** across **300+ customers**

~1.2 Mn End-of-Life tyres saved from reaching landfills **Every Year**

IATF, ISO and BS OHSAS
REACH Certified for EU Zone

...Global Partnerships for Business Growth

...Distinguished Board of Directors

Dr. Peter Philip

Chairman & Non-Executive Director

No. of Years of Experience : More than 40 years in General Management

Qualification : Graduate with Honours from St. Stephen's College (Delhi) and Alumnus of Stanford University, USA and Selwyn College, Cambridge, UK. Also a director in The Malayala Manoram Co Ltd & Commercial Broadcasts Ltd.

Rajendra Gandhi

Managing Director

No. of Years of Experience : More than 40 years in General Management

Qualification : Graduate engineer from the Indian Institute of Technology, Mumbai. Also a director in Steelcast Ltd.

Harsh Gandhi

Joint Managing Director

No. of Years of Experience : 16 years in various Managerial positions

Qualification : OPM program from Harvard Business School USA & holds a Bachelor of Science in Management Purdue University USA

Rajeev Pandia

Independent Director

No. of Years of Experience : More than 40 years and been influential in Strategic Planning, Project Evaluation & Management, Technology Transfer

Qualification : Bachelor in Technology (Ch.Eng.) IIT, Mumbai, & has obtained his Masters in Science from Stanford University, USA. Also a director in Excel Industries Ltd & The Supreme Industries Ltd.

...Distinguished Board of Directors

Mahesh Gandhi

Non-Executive Director

No. of Years of Experience : More than 30 years in General Management

Qualification : He is a Graduate and an accomplished industrialist and the Chairman of the Industrial Development & Investment Co. Pvt Ltd

Alpana Parida

Independent Director

No. of Years of Experience : 30 year Marketing career, spanning USA and India;

Qualification : Graduate from IIM (Ahmedabad) and has a Bachelor's degree in Economics from St. Stephen's College, Delhi University. Also a director in Cosmo Films Ltd & Primesec Investments Ltd

Saurabh Shah

Independent Director

No. of Years of Experience : More than 20 years of experience as advisor in the fields of public equity investments, private equity, capital markets and Merger & Acquisition in India

Qualification : MBA from the Stern School of Business at New York University. Also a director in Citicorp Finance (India) Ltd.

Nayna Gandhi

Non-Executive Director

No. of Years of Experience : More than 40 years and also director in Grip Polymers Ltd., (wholly owned subsidiary of GRP Ltd.) since November, 1993

Qualification : Diploma holder in Home Science

...with Experienced Management Team

Ganesh Ghangurde

Chief Compliance Officer

- Chartered Accountant (ICAI) & Company Secretary (ICSI)
- Associated with GRP's senior Management Cadre for more than 25 years
- Experience covers Finance & Accounts, Legal & Statutory, Compliances, Projects, Rights & Public Issues, IT & SAP Implementations

Hemant Kaul

President Marketing & CEO of Marangoni GRP

- MBA, Leeds University Business School, UK
- At GRP since 2012 post spending 19 years in tyre sector in India & Europe with Apollo tyres and Birla tyres
- Handling MGPL business in India ; oversee Sales and Marketing & Business Development for Reclaim Rubber.

Rajen Doshi

President & COO

- MBA Georgia State, MS, IIT Mumbai
- Experienced in executing business transformations, M&A and Change Management across Manufacturing, Service and Technology companies.
- Worked across North America, Europe and Asia in B2B and B2C space for companies like GE, Honeywell, Coke, Citigroup, Legal & General (UK) and Mahindra (India).

Kush Giramkar

Business Head Industrial Polymers & Head Procurement

- MBA from Indo German Chamber of Commerce, Graduate mechanical engineer from Govt. College of Engineering, Pune
- More than 22 years of rich experience in the diverse fields of manufacturing sector such as Materials Management, Project Management, Operations, R & D and New Business Development.

Shilpa Mehta

Chief Financial Officer

- Chartered Accountant (ICAI)
- Overall 20+ years' experience and 15 years in senior management cadre
- Work experience includes Accounts & Finance, Company law, Direct & Indirect taxation, SAP implementation & operations, Audit

Sanjeeb Lahri

Head HR & Administration

- Post Graduate Diploma in Industrial Relations & Personnel Management from University of Burdwan,
- More than 20 years of professional experience in the diverse fields of Talent Acquisition, Staffing, Employee/Industrial Relations, Productivity & Analysis, Learning & Development.
- More than 19 years of experience with TATA Group (Domestic & International)

Awards & Accolades – Testimony to our raison d’etre

<p>Global Compact Network India 2017</p>	<p>EcoVadis CSR Rating 2017: BRONZE 2019: SILVER</p>		<p>IATF 16949</p>	<p>Quality Circle Forum of India Award (2012) For 5S Competition from Vadodara Chapter for its Anklshwar & Panoli Units</p>
<p>CAPEXIL (Sponsored by Ministry of Commerce & Industry, Govt. of India) For EXPORT Performance</p>	<p>AIRIA 1945 For EXPORT Performance</p>	<p>Finalist, Parivartan Sustainability Leadership Award (2011)</p> <p>India Carbon Outlook™ Tracking Actions Towards a Low Carbon Economy</p>	<p>Supply Chain Leader Award (2010) At Logistics 2.0</p>	<p>Silver Certificate of Merit (2008)</p>

At GRP, we are committed to transitioning from a ‘recycled material company’ to a ‘**Sustainable Raw Material Company**’. Therefore, embracing the certifications, partnerships required for achieving that status. PLUS embracing the UN’s Sustainability Development Goals.

CSR – Impact Positive Initiatives

- **Our CSR vision** – "to contribute towards social and economic development of the communities where we operate in. And while doing the same, we want to build a sustainable way of life for all sections of society".
- GRP believes in doing business the right way and ensuring that we reach out to underserved communities in the way we do business.
- GRP believes in focus beyond business interests and addressing the "quality of life" challenges that underprivileged communities face, and working towards making a meaningful difference to them

EDUCATION

- Balwadis/Mobile Vans for Elementary Education
- Toy-bank to strengthen development through play in rural areas
- Merit based scholarship to support University Education
- Strengthen/Support existing institutes engaged in providing primary, secondary & higher level Education

SUSTAINABLE LIVELIHOOD

- Supporting initiatives around Yoga, meditation, other self-help
- Awareness programs for clean living/housing facilities (5S, etc.)
- Awareness programs on hygiene, safe water
- Encouraging plantation of trees through self-help groups of women

HEALTHCARE

- Primary health care centres
- Mobile health care projects
- Preventive health through awareness programs

WOMEN EMPOWERMENT

- Gram Pari in rural areas
- Girl child education up to university level
- Introduction of Water wheel for women to roll it from a distance

- GRP has built a strong association with institutes like such as: Tata Institute of Social Science, Pravara Medical Trust, Ankleshwar Rotary Welfare Trust, K C Mahindra Education Trust, Nanhi Kali Foundation

Business Verticals

...Manufacturer of sustainable products through 5 Business Verticals

Reclaim Rubber - Industry Leading Technology

1ST Company in India to design, fabricate and install an entire plant & machinery for manufacture of reclaim rubber from complete indigenous components

Strong focus on innovation and R & D with DSIR approved lab, **1st** company in India to develop reclaims like EPDM & High Tensile

1st company in reclaim rubber sector in India to become SAP ERP enabled

ISO certified company following strict quality control norm ensuring right material supply to its customers

Recycles **1 out of every 10 truck tyres & 1 out of every 8 tubes** produced in India

Largest exporter of reclaim rubber from India to more than **60 countries** around the world. Caters to **7 out of Top 10** global tyre companies

VALUE PROPOSITION

ECONOMIC

- Cost-saving compared with virgin rubber
- Reduced Energy Consumption

ENVIRONMENTAL

- Alternative to hazardous landfills
- Substitutes natural rubber & crude based synthetic rubbers saving natural resources

PROCESSING

- Faster Mixing Cycle
- Improved extrusion rate
- Retention of good ageing properties
- Reduced splicing defects
- Controlled die swell

Reclaim Rubber – Cost Effective Alternative

PRODUCT OFFERING

NATURAL RUBBER RECLAIM

- Whole Tyre Reclaim
- Ultra High & High Tensile Reclaim
- Natural Tube Reclaim

SYNTHETIC RUBBER RECLAIM

- Butyl & Chlorobutyl Reclaim
- EPDM Reclaim

SPECIALITY RUBBER RECLAIM

- NBR Polycoat

APPLICATIONS

- Tyres
- Tubes
- Belts

- Waterproofing & Matting
- Adhesives

Tyre Industry - Largest Consumer of Rubber

Industrial Polymer – Valuable Engineering Plastic

Developed in-house process to recover nylon fiber from end of life tyres

Nylon fiber embedded with rubber is subjected to series of mechanical operations to separate rubber and nylon

Purified nylon fiber then converted to granules by Extrusion process

01

Separation of polyamide from scrap tyre results in “**Pure Rubber**” which in turn can be a useful raw material to make a **Better Quality Reclaim**

02

Recovered Polyamide is a useful raw material as an **Engineering Plastic**. It has a market which is well established and profitable

INDUSTRY LEADING TECHNOLOGY

1st Indian company to commercialize the concept of recovery and reuse of polyamide from end-of-life tyres

Invested substantially in the R&D to recover nylon (polyamide) a valuable engineering plastic out of the waste tyres

Has a state-of-the art compounding facility in Solapur which supplies a range of cost-effective and sustainable solutions

Patent pending products supported by well equipped testing laboratory

Industrial polymer is (GRP - IP) is an ISO 9001:2008 certified thermoplastic compounding business

TARGET MARKET & APPLICATIONS

AUTOMOTIVE

Fasteners, Clips, Bushes, Plugs, Cable Ties, Sleeves, Main fold

INDUSTRIAL

Washers, Spacers, Industrial Bobbins, Conveying Trays, Gears

CONSUMER GOODS

Furniture Components, Couplers, Domestic Gas Accessories

ELECTRICAL

Computer Peripherals, Fuse Box, Switch Housing

CONSTRUCTION

Window Door Components

Custom Die Forms – Diverse Product Portfolio

Converts end-of-life tyres to design products used for civil & agricultural applications

Custom Die Forms are meant to absorb vibrations in heavy equipment and for insulation against sound

GRP – C-DF has produces these products in collaboration with leading North America Companies

Ensures reuse of end-of-life tyres with minimal energy needs

PRODUCTS

- Link Mats
- Door Mats

- Industrial Mats
- Dock Bumpers

Retreading - Marangoni Joint Venture

Portfolio of Products = Ringtread + Unitread + Classico

Entry into Retreading Markets of India with a Unique Technology,
RINGTREAD – The Spliceless Retread

Ringtread Delivers: More mileage, Better grip, More reliable and eventually lower cost per KM (CPKM) savings to fleets

Marangoni S.P.A, World's Leading Tyre Retreading Company with a legacy of 70+ years

+

GRP Ltd, India's largest and world's leading rubber recycling company

=

The JV will aim to leverage the strengths of the two partners:

Marangoni as a retreading technology specialist

GRP's understanding of Indian Markets, Strong Supply Chain along with the reach to the End Customers

MARKET OPPORTUNITY

- Radial tyres at present account for 40-45% of Tyre Industry, expected to reach 75%+ by 2020
- Radialisation is estimated to double in the next 4-5 years, thus offering a big opportunity for tyre retreaders in the country
- India's retreading market is estimated at \$ 700 mn with a CAGR of 7-8% with organized sector accounting for 50 %

With Radialization there is a great opportunity for organized players in the retreading industry in CV segment as it reduces per/km cost

...Retreading across Segments

Industry Leading Range

Premium, Spice-less Retread

Premium, Flat Tread

This line features tread design suited for radial tyre application to deliver premium performance on Indian roads

Original Retread

This line features popular tried and tested patterns designed for customers who pay particular attention to the quality-price ratio.

BENEFIT TO RETREADERS

Less Time: Faster cycle time

No Waste: No material wastage

High Efficiency: More efficiency due to less handling and lower process time

Less Space: Less space required for same capacity due to efficient equipment & layout

ABOUT RINGTREAD

- Ringtread Concept: Tyres are circular in structure and rotate when they work, therefore the new tread must be perfectly circular in order to integrate harmoniously with the casings and recreate a perfect unit
- Ringtread
 - The only precured tread with the profile of original tyre
 - The ring has no joints and fits perfectly to the casing without tension or deformation
 - It guarantees reduced processing times and less waste, and performance levels are equivalent / exceeds those of a new tyre

BENEFIT TO FLEET HOLDERS

More Reliability: No risk of downtime due to the exclusive ring system

More Life: Less tread wear also on highly abrasive surfaces

More Grip: The best traction even in poor road condition

More Savings: Very low rolling resistance leading to reduced fuel consumption

Polymer Composite Products

Products Range

ABOUT Polymer Composite Products

- GRP is the exclusive manufacturer to a US based company for supply of composite products
- The composite products are manufactured from 100% recycled rubber and plastics
- The product is environmentally friendly, strong and durable
- The products are well suited for variety of application in sectors such as aviation, military, logistics, construction, oil & gas, marine and agriculture.

Usage of Reclaimed Rubber on a Growth Path

Reclaimed Rubber Demand (Kilo Tonnes)

- Growing awareness regarding COST - EFFECTIVE and ECO - FRIENDLY alternatives for virgin rubber

- Owing to its versatility, durability, reduced pollution and low processing costs, WTR is expected to witness growth

- APAC to drive growth due to huge domestic market, availability of cheap and skilled workforce and rapid industrial development

- Favourable regulations promoting sustainable and eco-friendly materials as substitutes for conventional virgin rubber is driving product demand

Global Reclaimed Rubber Demand

Global Reclaimed Rubber market is expected to reach USD 6.32 billion by 2025

With strategic shift towards increasing Reclaimed Rubber

To Reduce, Reuse and Recycle the use of fossil fuels and strategic shift towards Reclaimed Rubber. By 2050 companies envisages higher use of Recycled Rubber

By major tyre manufacturing companies

THE 4R STRATEGY

The tyre industry uses 32 million tonnes of materials every year, only 25% of which is from renewable sources. To reduce the use of fossil fuels and secure supply, Michelin has made a firm commitment to the circular economy through its 4R strategy: Reduce, Reuse, Recycle and Renew.

Landfilled waste In kg per tonne of tyres produced

By 2025 (vs. 2017) for Specific Products Segments Pirelli aims to:

- Double the share of Renewable Raw Materials
- Reduce the Fossil-Based Materials by -30%

- Waste recovered (on total waste) in 2017 vs 2009: 93% (+24% vs. 2009)
- Target 2020 : towards no waste to landfill with a recovery rate ≥95%

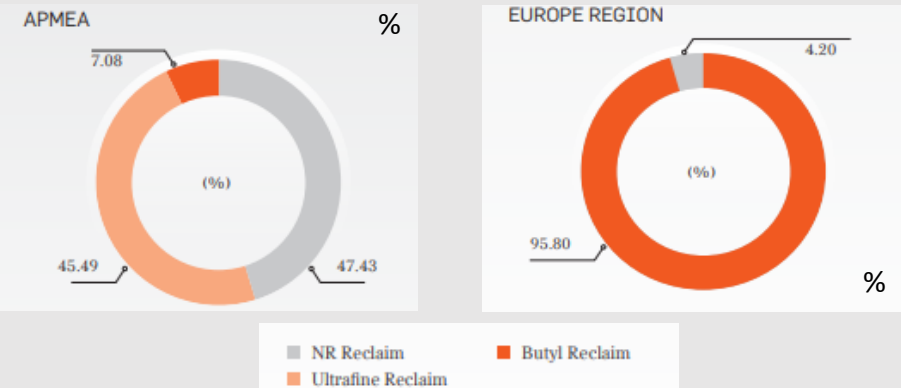

“ In the Rubber Group, the use of recycled materials is assuming an increasingly important role. Production waste generated in physical/chemical processes is used as reclaim and adhesive mixtures as recycled products. “

In the year under review, the percentage of recycled products of the total raw materials used in tyre production was 3%. Our goal is to increase this share to 10% by 2025.

Reclaimed rubber is also used at 2.5% to replace virgin rubber for compounds

Break-Up of Recycled Raw Materials by Type - FY17
